FUTURE PLANS

ASDHS Goal: Strong Collaboration and Synergy with NTHMP State or Territory partners. A joint effort to promote Tsunami awareness within respective countries and to avoid re-inventing the wheel in creating new projects.

- **Tsunami Exhibit – Illustration of Tsunami efforts**
- **Evacuation Playbooks for Tsunami Events (less than “worst case” scenario) *C & S with NTHMP California State***
- **Tsunami Evacuation Wayfinding Project (Signage & Blue line) *C & S with NTHMP Oregon State***

Issues, Areas of Concern, Collaborations

- **Procurement Process**
- **Geographical Location**
 - Remoteness
 - Private Land for Evacuation Zones & Signage
- **Abide Federal and Local Regulations & Procedures**
- **Challenges with transporting equipment between islands from Tutuila to Manu'a and Aunu'u.**
