

2017 Meeting of the NTHMP Warning Coordination Sub. Action Items

January 30, 2017 – Portland, OR

Update – January 30, 2017

Action	Date	Resp. Person(s)	Status
1: Conduct TWS training at NTWC and notify WCS if/when NTWC TWS training will be held in 2018	4/17	Whitmore	
2. Determine Strategic Plan Milestones for new strategic plan	6/17	WCS co-chairs	For examples, Coordinated IDSS during warnings
3. Add procedure to conduct conference calls whenever Potential Danger Tsunami Information Statements are issued	6/17	NTWC	
4. Add layer to new combined TWC web site to see observatory message layer. This will be by default off	9/17	NTWC/PTWC	
5: Consider merging tsunami.noaa.gov into tsunami.gov and removing noaa site	6/17	NTWC/PMEL	
6: NTWC track St. Pierre and Miquelon during eastern comms. tests on comms summary	4/17	NTWC	
7: Utilize Southern CA WEA activation zones developed in 2015 to limit county-wide activation.	1/18	Lopes/Whitmore	NWS HQ has been provided the polygon boundaries to implement – This effort has been rolled into a wider NWS effort to define appropriate coastal polygons and will be implemented in this wider effort.
8: Consider WEA activations only for local warnings, not distant. Is it possible?	7/17	Whitmore/McCreery	
9: Determine dates and scenarios for 2018 National Exercises	5/17	Whitmore, McCreery, von Hillebrandt, Kong	
10: Develop exercise handbooks for 2018 scenarios	11/17	PTWC, NTWC, CTWP	
11. Update northern CA break points	3/17	NTWC	
12. Implement TView operationally and provide all WCS login information	7/17	NTWC/PTWC	
13. Update WCS on progress of TView development throughout year.	1/18	Whitmore	
14. Add Social Science recommendations to Hawaii products.	9/17	McCreery	
15. Start conducting periodic WCS calls	3/17	WCS co-chairs	
16. Fix Procedures charts on web site with combined EQI/TIB	3/17	Whitmore	
17: Consider periodic educational Facebook posts at NTWC	6/17	NTWC	PTWC is already issuing somewhat periodic posts
