

2017 Meeting of the NTHMP Warning Coordination Sub. Action Items

January 30, 2017 – Portland, OR

Update – May 5, 2017

Action	Date	Resp. Person(s)	Status
1: Conduct TWS training at NTWC and notify WCS if/when NTWC TWS training will be held in 2018	4/17	Whitmore	TWS Training was held at NTWC April 4-6, 2017. Future course will be decided by next NTWC Director
2. Determine Strategic Plan Milestones for new strategic plan	6/17	WCS co-chairs	For examples, Coordinated IDSS during warnings
3. Add procedure to conduct conference calls whenever Potential Danger Tsunami Information Statements are issued	6/17	NTWC	Done
4. Add layer to new combined TWC web site to see observatory message layer. This will be by default off	9/17	NTWC/PTWC	Development work has started on this project; still to be moved into operations.
5: Consider merging tsunami.noaa.gov into tsunami.gov and removing noaa site	6/17	NTWC/PMEL	Discussion underway between PMEL and TWCs
6: NTWC track St. Pierre and Miquelon during eastern comms. tests on comms summary	4/17	NTWC	Completed
7: Utilize Southern CA WEA activation zones developed in 2015 to limit county-wide activation.	1/18	Lopes/Whitmore	HQ has taken the TWC polygons and will utilize these with WEA. Expected implementation time is October.
8: Consider WEA activations only for local warnings, not distant. Is it possible?	7/17	Whitmore/McCreery	Possibility brought up to NWS HQ as part of Action 7... it is being considered
9: Determine dates and scenarios for 2018 National Exercises	5/17	Whitmore, McCreery, von Hillebrandt, Kong	
10: Develop exercise handbooks for 2018 scenarios	11/17	PTWC, NTWC, CTWP	
11. Update northern CA break points	3/17	NTWC	New break points are in operations
12. Implement TView operationally and provide all WCS login information	7/17	NTWC/PTWC	TView development moving forward; site expected to be integrated with TWC web site server.
13. Update WCS on progress of TView development throughout year.	1/18	Whitmore	Ongoing
14. Add Social Science recommendations to Hawaii products.	9/17	McCreery	
15. Start conducting periodic WCS calls	3/17	WCS co-chairs	Periodic calls are now scheduled
16. Fix Procedures charts on web site with combined EQI/TIB	3/17	Whitmore	Done
17: Consider periodic educational Facebook posts at NTWC	6/17	NTWC	PTWC is already issuing somewhat periodic posts; NTWC posts sporadically.
18. Add list of known tsunami communication tests or exercises to table/calendar on tsunami.gov or NTHMP web site	7/17		
19. Make catalog of tsunami scenarios available to NTHMP partners	7/17	ITIC/PTWC/NTWC
