Existing Services of the Global Tsunami Warning System
This map indicates the area of coverage for each of the four Intergovernmental Coordination Groups for the tsunami warning systems (CARIBE-EWS, IOTWMS, NEAMTWS, PTWS) as well as the Areas of Service of the Tsunami Service Providers (TSP). The lighter and narrower shading indicates areas in which services are under development.
This map is schematic and does not reflect exact boundaries, nor are all islands plotted or highlighted. The designations employed on this map do not imply the expression of any opinion whatsoever on the part of the Secretariats of UNESCO and IOC concerning the legal status of any country or territory, or its authorities, or concerning the delimitation of the frontiers of any country or territory.
Produced by the Intergovernmental Oceanographic Commission of UNESCO.
Date: 18 February 2018
